

## GEMS Winchester School Dubai

# Summer Learning Guide FS2

# Primary Summer Learning Links

This guide has been produced to support FS2 students with their preparations for the coming academic year 2023-2024 as they transition to Y1. You should complete the activities your teachers direct you to in your end-of-term reports and then try the work in the level above if you wish. If you are a new student or the subject is new to you next year, you should complete any of the activities you feel less confident about. Whilst not mandatory, we are sure you will find this learning useful.

For any support needed, please feel free to email us: [psl\\_wsd@gemsedu.com](mailto:psl_wsd@gemsedu.com)

Have a great Summer and we look forward to seeing you in September.
