

GEMS Winchester School Dubai

Summer Learning Guide Foundation Stage 1

Primary Summer Learning Links

This guide has been produced to support our new Foundation Stage students with their preparations for the coming academic year 2023-2024. As lots of our students are new to any kind of formal teaching, we have created some activities that will support that transition into school. Whilst not mandatory, we are sure you will find this learning fun, creative and useful.

For any support needed, please feel free to email us: psl_wsd@gemsedu.com

Have a great summer and we look forward to seeing you in September.
