

GEMS Winchester School Dubai

Summer Learning Guide Year 1

Primary Summer Learning Links

This guide has been produced to support Year 1 students with their preparations for the coming academic year 2023-2024. You should complete the activities your teachers direct to you in your end-of-term reports and then try the work in the level above if you wish. If you are a new student or the subject is new to you next year, you should complete any of the activities you feel less confident about. Whilst not mandatory, we are sure you will find this learning useful.

For any support needed, please feel free to email us: psl_wsd@gemsedu.com

Have a great summer and we look forward to seeing you in September.
